Washington D.C.

Dear Art:

Abe has been after me for some time to write you, and find out how he can get in touch with the ballplayer down ther named Day. He said you spoke to him once about the boy.

If you can arrange for Abe to see him, he said said he would make the trip to Washington. I will appreciate it very much if you will let me know what you suggest about getting in touch with the boy.

Monty Irvin is back in the states, Has been here about a week. He is in a hospital on Long Island, nervous. I do not think it is much. He called me on the phone yesterday. Sounded alright to me on the phone. I will not be surprised to see a lot of The Eagles returning now. So many of them were in the European theatre of war, Day Manning, Parks, Brown. We have 12 Of them in. I dont know how we have gotten a team together.

Please let me hear from you as soon as possible about the boy. Thanks in advance,

Sincerely Yours
